

INTERNATIONAL PRIVATE LEASED CIRCUITS

BusinessLink pricelist (VAT included) - Valid from 1 July 2015

BusinessLink product

BusinessLink refers to half International Private Leased Circuits (Analog & Digital) offered by Cyta with a contract having a minimum duration of 1 month.

BusinessLink charges are expressed in Euro (€), include the VAT and are a combination of a fixed monthly charge and non-recurring (one-time) charge. BusinessLink charges cover Cyta's international half-circuit and the local extension in Cyprus.

Monthly Charge

The monthly charge depends on the BusinessLink data rate and the destination country (Please see Geographic Coverage).

Applications for BusinessLink circuits with data rates above 2 Mbps or / and to destinations not included in this pricelist are examined as special cases.

In these cases a special agreement must be signed.

Additional charges are levied in the case where a customer requests Cyta to provide a BusinessLink circuit via a specific route other than the one planned by Cyta. Additional charges are calculated on a case-by -case basis.
